THE NAVIGATION MENU

The Navigation Menu is the main control panel for your RallyTV experience.

When you login to the app, you'll start at the **HOME SCREEN** with the **NAVIGATION MENU** along the left-hand side of your screen.

USING THE APP

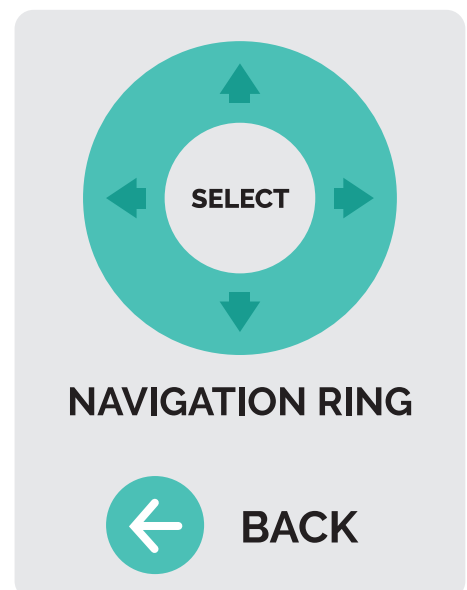

With RallyTV you can scroll in every direction, and **SELECT** buttons to flip through different pages. If you ever go too far, pressing the **BACK** button repeatedly will take you in reverse order until you get back to the beginning or pressing the **HOME** button will jump you directly to where you started.

NAVIGATING

The **NAVIGATION RING** on your remote control are the buttons that you'll used most often to get around.

When in the **TV GUIDE** you can press and hold to initiate fast scrolling In any direction.

If at any point you go too far, simply press and hold the **BACK** button to get back to the present time.

RECORD

When a button is highlighted in **blue**, press the **SELECT** button to choose that option. Use the directional buttons (**UP**, **DOWN**, **LEFT** or **RIGHT**) to highlight a different button.

LAST CHANNEL WATCHED

On your TV streaming device, while you're watching a show, press the **SELECT** button once to bring up the video controls over the screen.

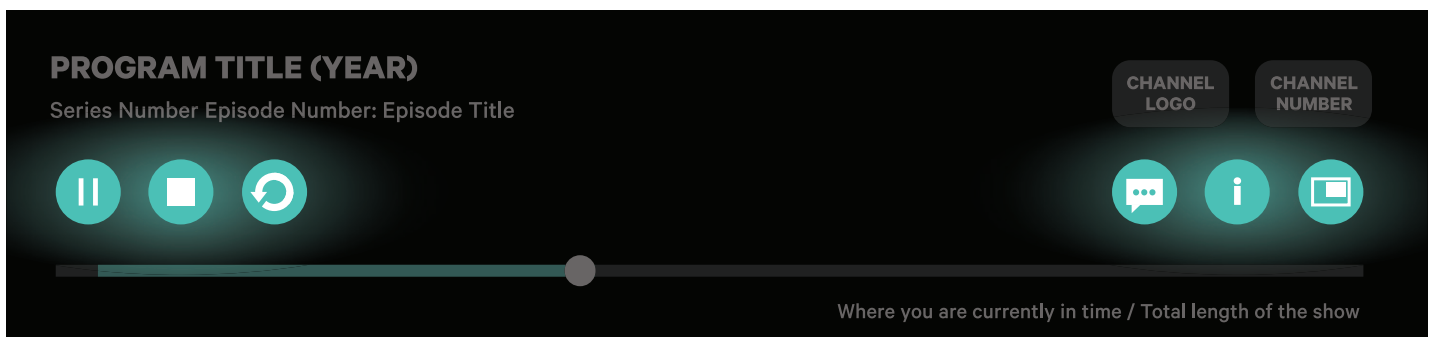

At the top, you'll see any channels you were previously watching. Press the **UP** button on your navigation wheel and then navigate **LEFT** and **RIGHT** to get to the one you want. Press **SELECT** again to return to the channel you want.

VIDEO CONTROLS

Press the **SELECT** button once to display the video controls over the screen.

Press the **DOWN** button to light up and move through the controls such as **PAUSE**, **RESTART** or move to the right to select **AUDIO & SUBTITLES** or get more **INFORMATION** about the program.

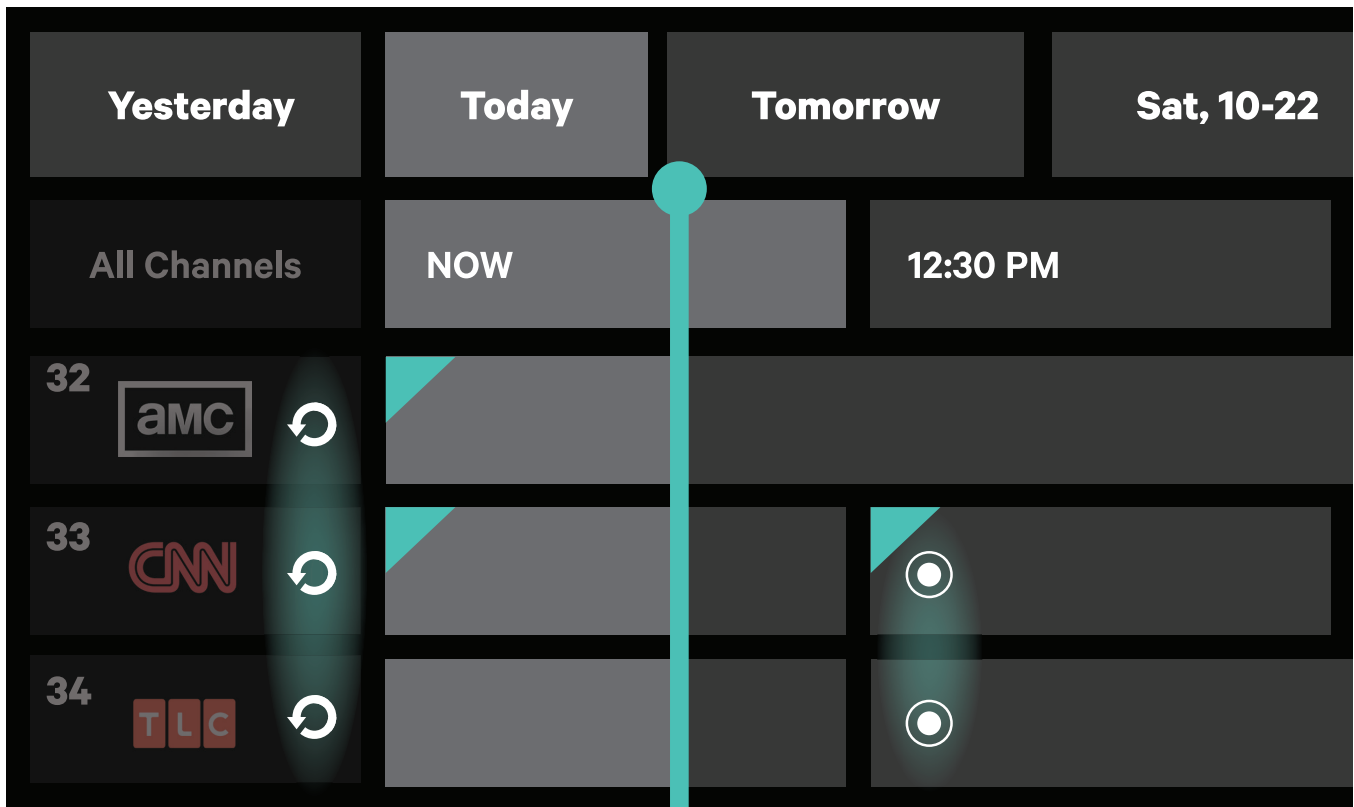

READING THE LIVE TV GUIDE

The vertical blue line will move to the right in real time, go **LEFT** or **RIGHT** to move through time to see what has played or is coming next.

Blue triangles in the upper left corner indicates if it is a **NEW** episode, rather than a rerun. Any scheduled recordings will also be shown as well as the availability of **RESTART** on that channel next to the channel logo.
